## LOCALETTES.

It was said that the police would commence killing dogs before Christmas.

Sanitary Officer Filippo is after the weeds, or rather those who permit them to remain.

The north-bound Missouri Pacific train from San Antonio was one and a half hour late last night.

Margaret A. West was yesterday granted a divorce in the district court from her husband, Hamilton B. West.

Chief Matkin informs us that the contest has about been arranged between the hose companies for to-morrow.

The second-hand dealers have all agreed to close up to-morrow in honor of the Fourth and to let their employees have a holiday.

The Fourth comes but once a year in these United States and all, even the most humble, should have an opportunity of enjoying themselves.

The committee on arrangements for the celebration to-morrow are just spreading themselves, and the affair will be well worthy of the day.

Many new, novel and interesting features will be introduced upon the grounds during the day and a glorious time is insured to all who attend.

A GAZETTE reporter counted thirty-one dogs from the corner of Main and Second streets last evening, and it required only a very few moments to perform the job.

Why not add a dog show to the many attractions at the park to-morrow? We certainly have enough for the purpose, and besides it might have a good influence upon our police.

Those shaved pigs that are being made ready for the celebration to-morrow are a curiosity, and when they are thoroughly greased and turned loose will make a very interesting race for the boys.

Mart. Davis, the negro who killed John Christ in the Third ward several months ago, and who has been under bond, was rearrested yesterday and put in jail under the indictment of the grand jury.

Three coons were arrested in the Black Elephant yesterday by Officers Tucker and Collins for "shooting craps." They were Bill Holman, Taylor Smith and Will White. All were locked up.

The denizens of the Third and Fourth wards are a slumbering volcano on the subject of ponds and other nuisances, and the health board had best look out, for they will hear such a din as was never heard before in these parts.

A decision was rendered yesterday in the district court in the case of E. G. Thurman vs. W. J. Morphy et al., giving to plaintiff all of blocks A and B, and eight lots of the north part of block D, Field's addition to the city of Fort Worth.

Two passenger coaches and one baggage car, that were somewhat smashed up in the wreck on the Texas & Pacific a little ways west of Colorado City last Sunday, were brought to the yards here yesterday. The cars have the steps torn off and a good many of the windows broken, but are not otherwise much damaged.

The case of Tidball, VanZandt & Co. et al. vs. the LaBelle Wagon Co., for a debt which grew out of the failure of Z. J. Anderson in 1881, and which was tried before and the decision revised by the supreme court, was decided yesterday in favor of defendant. The court had had this case under advisement for the past few weeks.

The ladies of the Cumberland Presbyterian church will give a social to-night at the church, to which the entire congregation, as well as the actual members, is cordially invited. There will be some excellent music and refreshments will be served during the evening. It is hoped by these meetings to bring the people closer together and encourage sociability.

## To Comanche.

Another car of barbed wire was shipped to H. R. Martin at Comanche yesterday by the reliable firm of J. B. Mitchell & Co.

## Notice.

Tally, they assuming all liabilities of the firm of Johnson, Ambler & Young, and alone authorized to collect all accounts due the firm of Johnson, Ambler & Young.

E. T. AMBLER, Fort Worth, Tex., June 24, 1885.

Referring to the above, we have this day formed a copartnership under the firm name of Johnson & Tally, and respectfully solicit a continuance of the former liberal patronage extended the old firm of Johnson, Ambler & Young.

Capt. W. B. Goff has been recommended as collector of internal revenue for this district by President Cleveland. The captain's many friends are congratulating him on his good fortune.

Wm. E. O'Neil, Esq., he of opera-house and bill-posting fame, is most disconsolate and downcast, in fact, inconsolable, since the departure of his accomplished wife for a summer's visit to New York.

Mr. N. H. Boyd, assistant cashier in the Texas & Pacific freight office, is entertaining a new arrival at his house. The new comer is a boy that tips the beam at eleven pounds. Mother and baby are doing well.

Mr. Edwin S. Gard, R. G. Dan & Co.'s manager at this point, is now in charge of the Dallas office temporarily, owing to the illness of the Dallas manager. He will return home in a few days and resume the duties of his office here.

Mr. Geo. Bartholomew, the irrepressible "Little Joker" tobacco man, left this morning for Dallas, after having painted our city "yellow" in the interest of this famous brand of tobacco. He will return, however, and spend the glorious Fourth in our city.

Mr. C. C. Allen, secretary of the Fort Worth & New Orleans railroad, accompanied by his family, arrived in the city last night from Galveston, where they have just buried their daughter, whom they lost on Monday last. In their deep affliction THE GAZETTE tenders the bereaved parents its heartfelt sympathy.

## A Curiosity.

Mr. M. J. Washer, of the firm of Washer & August, showed THE GAZETTE a vegetable curiosity yesterday in the shape of an oyster plant whose root had grown between the roots of a human tooth. Evidently the tooth had been thrown or buried in the ground, and has been resurrected in this strange manner. The oyster plant was purchased by a lady of this city from one of the numerous wagons that daily visit the homes of our people.

The only cigarettes which do not stick to the lips are Opera Puffs.

Six bags will contain as many men to-morrow at the park.

So is the appearance of light-weight clothing a sign of "a basted term." The thicker the clothes the more preferable they are at this time of the year. We have marked once or twice before that we carry a good line of goods of that description, and in consequence we won't have to say it here. (See?) Our prices are a trifle below the average, and as the goods are of the best material and workmanship, we have no reason why we should not count you in as one of our customers. Our line of

Is varied and extensive. Favor us by an inspection of our stock and we will ask more of a favor than that. Our goods sell themselves.
